

SERMON DISCUSSION QUESTIONS

David Stephenson & Rob Yancey - 2 Samuel 11:1-12:1a

David & Uriah | May 13, 2018

1. King David wasn't where he was supposed to be, and that contributed to his sin. How does location greatly affect the possibility of sin in our lives?
2. King David was not only in a poor location, but he also asked a poor question when inquiring about Bathsheba. How can sometimes asking wrong questions create the opportunity for sin in our lives?
3. The idea of "small sins" was discussed in both messages. What has been a "small sin" in your own life that you had to address?
4. It was emphasized that King David used his power not to serve, but to take. How does God do the exact opposite of King David?
5. In your own life, how has Christ served you with power that only comes from him?
